Dear Sir/Madam,

Re: APP/13/00386 86 West Street, Havant

Thank you for consulting us regarding the above planning application. It appears that the footprint of the proposed development is the same as that submitted in previous application for this site (11/0032) for which we raised no archaeological concerns given the limited extent of the ground disturbance. Provided the footprint has not altered, in particular has not increased then there would be no addition archaeological issues we would wish to raise in this instance.

Yours Faithfully,

Dr Hannah Fluck
