David,

I believe the policy requires the same level of contribution from Housing Associations. <http://www-old.havant.gov.uk/havant-3887>

Andy

Sorry to be a pain but I need to confirm the open space position to the applicant. These are all 1 bed units and Housing Association related.

Many Thanks

David

Andy

I am currently dealing with the above planning application for the following development:

Conversion and alterations to Homewell House (Listed Building) with two storey extension to east and linked two storey building to south to provide 14 No. 1 bed flats with associated bin and cycle storage and alterations to boundary walls.

I am just going through the consultation replies but cannot find one re the public open space requirements.

I have calculated the required contribution based on the provision of 14 x 1 bed units as £7,609. The applicant is Havant Housing Association however I assume that as is normal practice the contribution requirement will continue to apply.

Please could you confirm the position.

Many thanks

David
