A spherical luminaire with an effective light distribution for large area amenity applications

- Clear polycarbonate sphere with coated upper canopy for effective control of upward light
- Finished as standard in Anthracite Grey (RAL 7016)
- Aluminium louvre provides a controlled distribution pattern and minimises glare
- Optional 180° spill shield for effective control of over spill
- Optics and control gear sealed to IP65
- Easy access to lamp and gear via removing bowl
- integral control gear
- Factory fitted photocell option
- Post top mounting (76mm)
- typical mounting height of 5m-6m
