11th June 2013

ASDA STORES, HAMBLETON ROAD, WATERLOOVILLE, PO7 7XR

Dear Mrs. Smith,

Thank you for your letter of the 22nd May 2013 and the opportunity to comment upon the application. Having considered the application I have the following comments to make with reference to crime prevention.

We would be concerned if the operation of the petrol filling station caused traffic within the car park to stop flowing eventually causing obstruction to the free flow of traffic on the public highway. The roundabout at the northern end of Maurepas Way is a strategic roundabout within the local road network any obstruction of which may have far reaching consequences. To deal with this situation should it occur a management plan must be drawn up to quickly get vehicles moving within the car park until the free flow of traffic is restored to the public highway.

The petrol filling station is to operate 24 hours a day, a help point is to be provided within the petrol station. However, the local ASDA store does not operate throughout the night. What provision has been made for assistance during the times when the store is closed for business?

To provide for the safety and security of staff and customers a Closed Circuit Television (CCTV) system should be installed within the facility. The cameras should be positioned to provide images of those using the petrol pumps and the general area of the petrol filling station.

I note that an ANPR camera is to be installed.

Hampshire Constabulary

Chief Constable Andy Marsh

If I can be of any further assistance please do not hesitate to contact me.

Yours sincerely,

S York
