Subject: RE: Accolade Case APP/13/01125

Penny further to my original comment that this application should be permitted. This application could not be refused on highway safety grounds, any overspill parking from this development could not park in areas covered by Traffic Regulation Orders (Yellow Lines) which are the areas of carriageway where parking would cause Highway Safety problems. The effect on the loss of amenity due to any possible increase in on street parking is a matter for the consideration of the Planning Authority
