Subject: Further issues regarding APP/13/00924

According to the plans Mr Fasu Miah has put it in he has said 'no' to there being any hedges or trees on site. This is incorrect as there are hedges all the way round and a large Oak tree on site.

I also object to the Age concerns views as they are not the ones that have to put up with the noise at 1am. They will all be tucked up in bed in their own homes.

Please make sure all of my emails are put up on the documents page.

Regards,

Jon Stevens.
