Dear Mrs. McMurray,

Thank you for your letter of the 27th September 2013 and the opportunity to comment upon the application. Having considered the application I have the following comments to make with reference to crime prevention.

The proposed layout of the reception area provides no security for the receptionist or the school in general. To provide for the safety and security of the receptionist and the school I recommend that the reception area is redesigned so as to provide a secure area for the receptionist and a secure space in which visitors wait for admission in to the school (often referred to as an air lock system). The proposed entry from the reception area into the head teacher's office should be stopped; entry into the head teacher's office should be from within the secure area of the school. Access to the lift at the ground floor level should be controlled by the receptionist.

If I can be of any further assistance please do not hesitate to contact me.

Yours sincerely,
