

Hayling Heli's

Affiliated to the BMFA – Club No 2290

12 December 2007

Hi Chaps

I want to thank you for trusting me with the chairman's position, a position which I will take very seriously and do my best for the club. I must thank my predecessor Andrew for running the club up to the present time and I do hope we can keep drawing on his training and set up skills which he does so well. I would also like to thank Graham Lloyd who spent a lot of time and effort into keeping things running smoothly in Andrew's absence.

I think the rule amendments were good and relevant to our situation. This chairman's job comes with its built in problems, namely the "complainers" on caravan site. So it is absolutely imperative that we all follow club rules to the letter and hopefully keep our site as a result. The aim of the club is to go to the field, enjoy flying our helicopter's and all the associated chat that goes with it. Just lately it's got too political with too much PC activity instead of Heli's. I want to get back to the fun bit; surely that's what it's all about.

If anyone has any issues they want to discuss please feel free to ring me on the number above.

That's enough of my rambling so I'll wish you all a merry Christmas and a healthy new year.

John Barrett
Chairman
