Dear Mrs. Lealan,

Thank you for your letter of the 17th October 2012 and the opportunity to comment upon the application. Having considered the application I have the following comments to make with reference to crime prevention.

The proposal shows the main access doors to the side of the dwellings. In this position natural surveillance is limited and securing the rear of the property becomes more difficult. To reduce the opportunities for crime I recommend that the main access doors are brought to the front (southern) elevation of the buildings. If this is not desirable then I would recommend that all external doors are certificated to PAS24 standard (or better) and all windows are certificated to British Standard 7950 or better.

If I can be of any further assistance please do not hesitate to contact me.

Yours sincerely,
