

All dimensions to be checked on site and any discrepancy notified to The Martin Ralph Group. Written dimensions are to be used in preference to scaled dimensions.

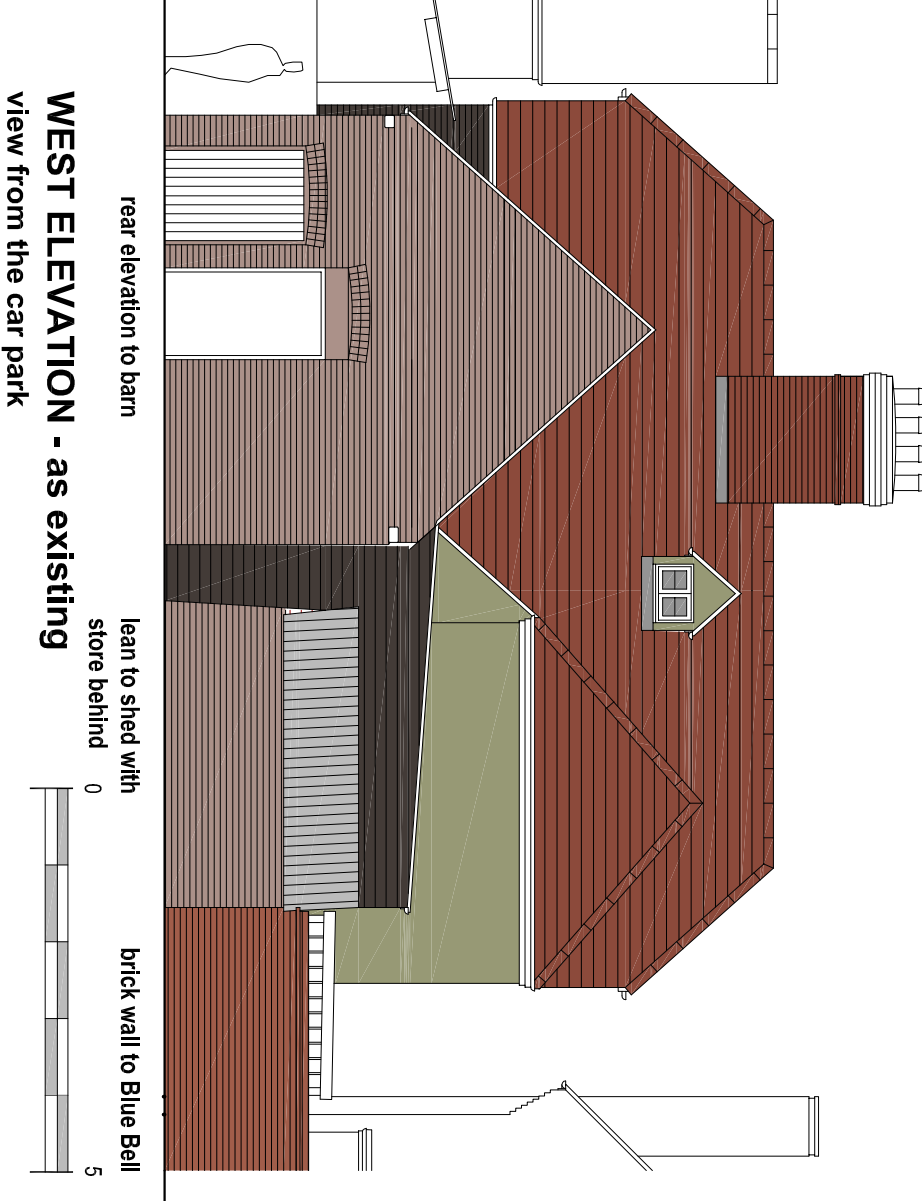

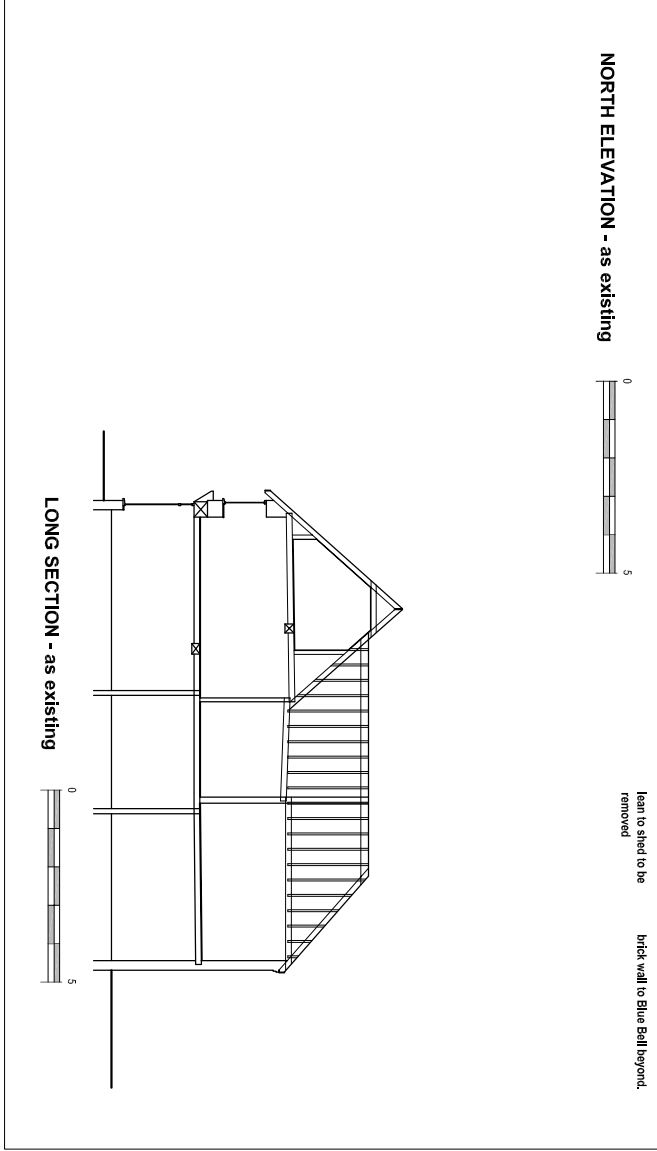

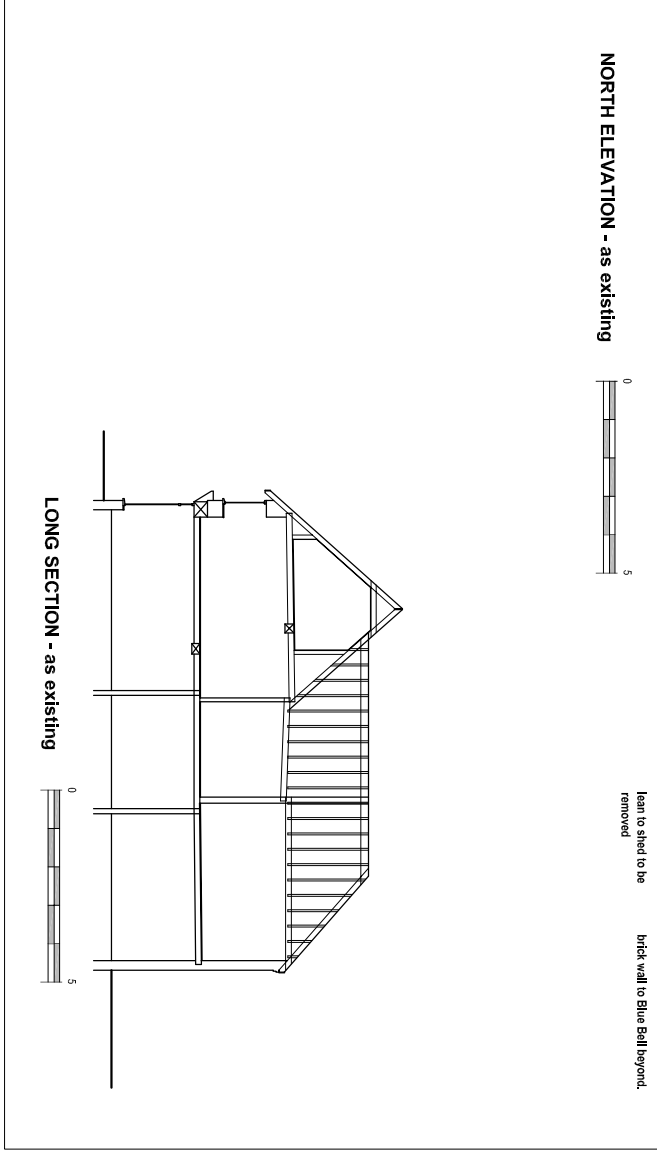

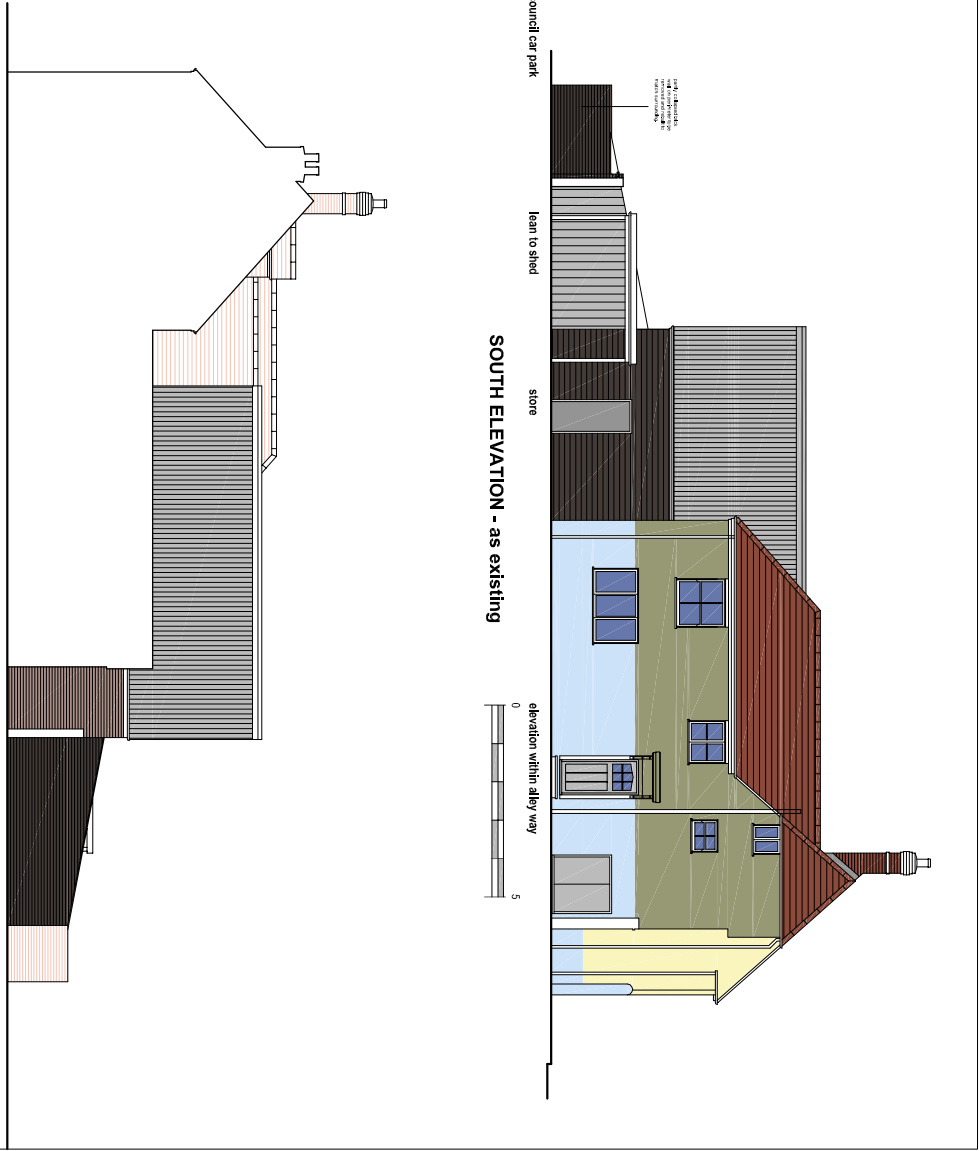

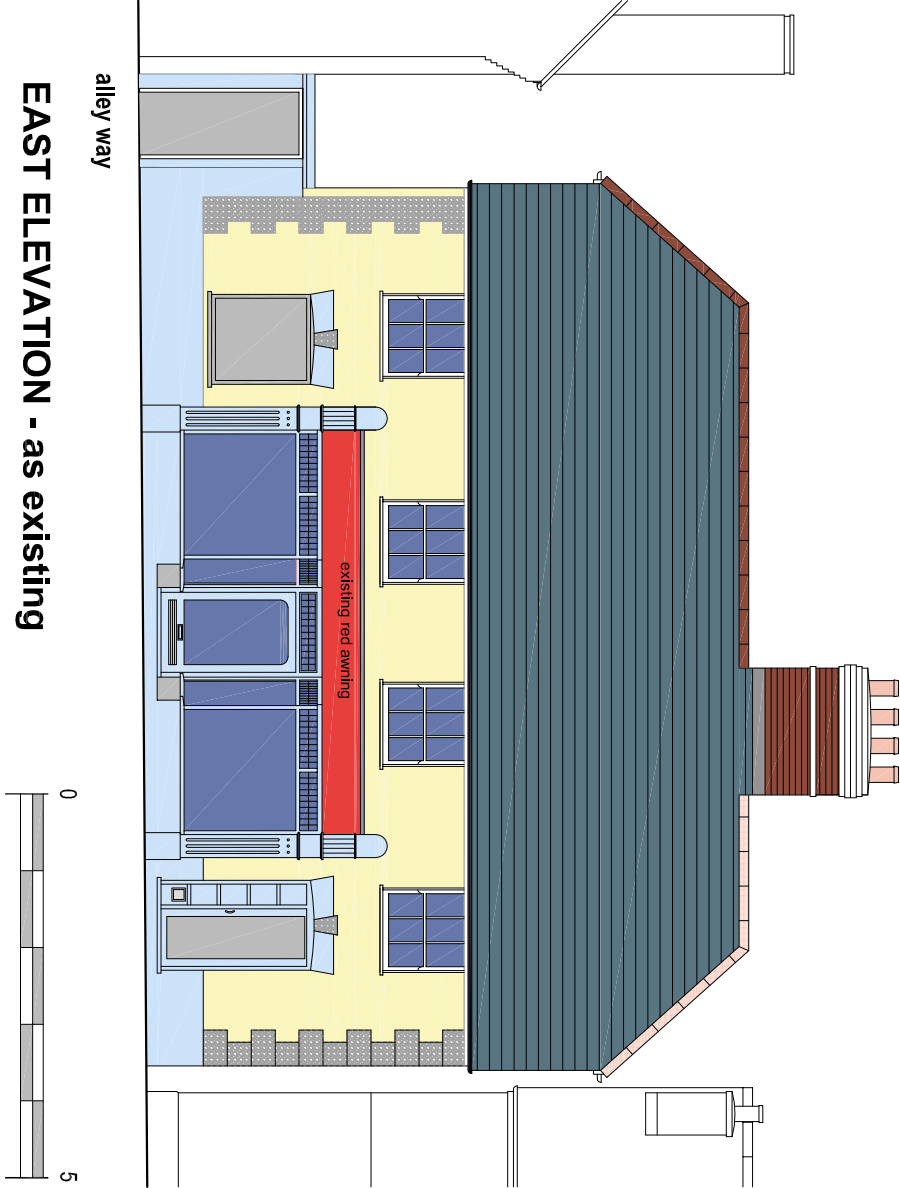

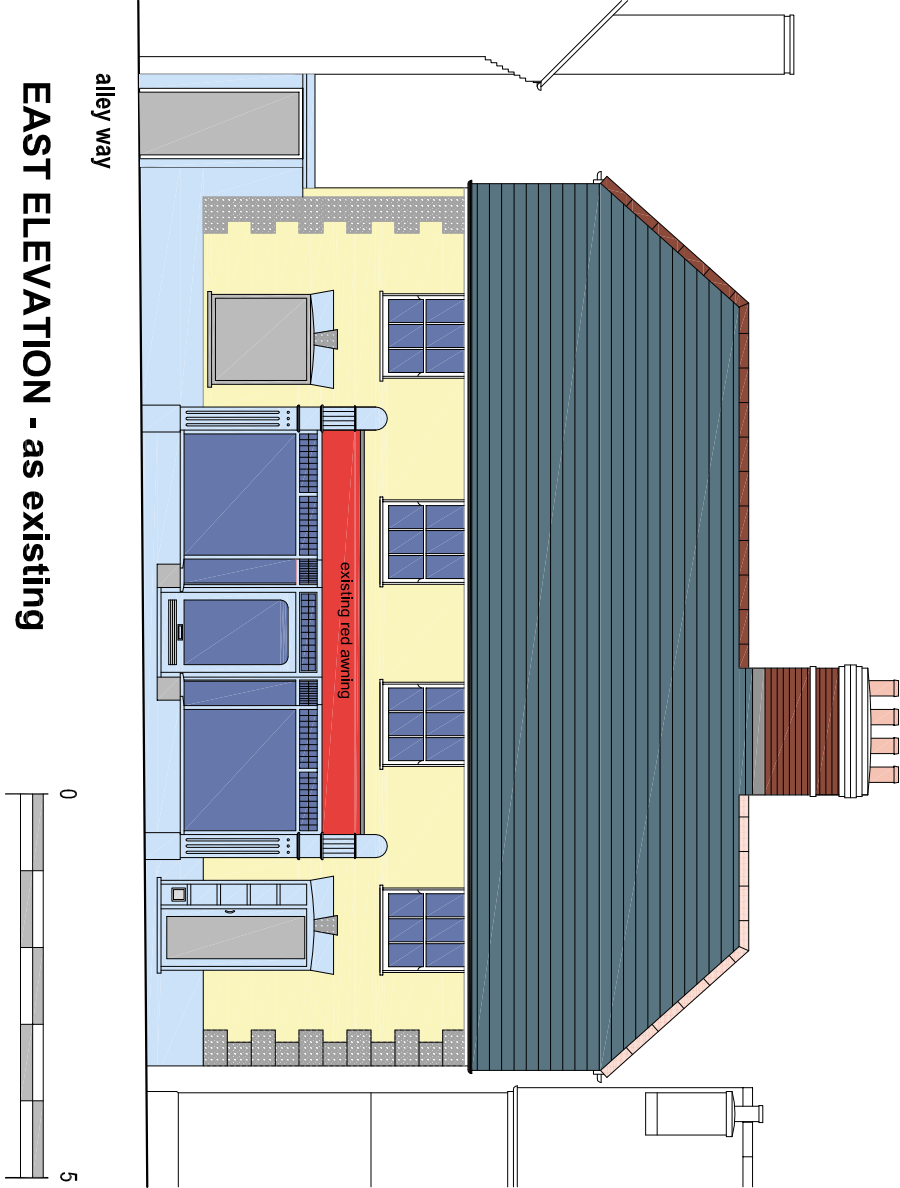

This drawing is the property of The Martin Ralph Group and must not be reproduced, in part or whole, or developed from, without their permission.

It is essential that prior to commencement and during construction works, the contractor reviews the drawings and specification and reports any discrepancies, anomalies, omissions, errors, non-compliance with statutory requirements, or other concerns.

For both pricing and construction purposes Structural, Mechanical and Electrical Engineers, and other specialist consultants are to take professional responsibility for their own drawings. Any discrepancies are to be brought to the immediate attention of The Martin Ralph Group.

NOTE

Drawings based on Pro Map and site survey information.
