Email from Jenna Shore:
I have received comments from the Landscape Architect, although brief they do not highlight any immediate causes for concern. Should they stipulate a particular request for soft landscaping type/species we can look at this throughout the course of your application.
This is an imaginative design for the frontage to the church and I look forward to seeing further details in due course to check the robustness of the archway and maze features.
I hope this helps, should you need any further advice please do not hesitate to contact me.
