

Application No. APP/13/00347

Address: 3 & 4 Seaview Terrace, South Street, Emsworth

Comments

No objection. The work involves minor cosmetic changes which overall represent an improvement. The majority of the fenestration in this property is already upvc/aluminium. On a comparatively minor point the dormer window would be improved by the use of a pair of full height casements rather than the asymmetric design with top hung fanlight illustrated.
