

To support Proposed External ATM at: Hayling Island Post Office
5 Elm Grove, Hayling Island, Hampshire, PO11 9EB

Landscaping

As this application is for an ATM installation no external landscaping is required to enable the installation and will not have an adverse affect on the location.

The Post Office is on Elm Grove and faces other commercial premises. To its direct frontage there is existing street lighting and a post box with a public footpath in excess of 5000mm at its mid point. Therefore the ATM will not cause any issues with blocking the public foot paths around the branch.

Surrounding the location most properties are a mix of retail and residential.

The external ATM location will be DDA compliant and provide access for all.
