

## DESIGN AND ACCESS STATEMENT

23 Bridgefoot Path

Gate in Wall Application

Fig 1: Existing West Elevation

## **Proposals**

**Existing Boundary Wall:** We proposed to place a gate in the existing wall.

## **Amount**

The proposed gate will match the height of the existing wall.

## **Layout**

The gate will be recessed into the garden to give the pedestrian safety when arriving and leaving.

## **Scale**

The gate will be the same height of the existing wall.

## **Landscaping**

N/A

## **Appearance**

The gate will be timber. The bricks for the return will match the existing.

## **Use**

Gate

## **Access**

Access from north boundary.
