Subject: FW: Acolaid Case APP/13/00582

Good afternoon David,

I have been passed the above application to comment on. Reading the detail, it appears that this is only a minor addition of a storage unit, with no plant/noise making equipment and lighting similar to the existing levels.

If this is the case, then there are no adverse comments from EH. I would however request that the standard hours of working condition is applied:

Construction, clearance or demolition work of any sort within the area covered by the application shall only take place between the hours of 0800-1800 on Monday to Fridays and 0900-1300 on Saturdays. No work at all shall take place on Sundays and Bank or Statutory Holidays.

If however there is going to be plant equipment associated with the application please let me know.

Regards...Mike
