27 September 2013

Dear Sir/Madam

**Ref: APP/13/00929**

Thank you for your letter dated 24 September 2013 requesting further information regarding Tree Works. I can confirm that the application is for work to be carried out on the trees marked G2 on the plan that you enclosed.

My application is for "Crown Lifting" on these trees. The lower bushy ends of the branches around the trees that are hanging down low need to be removed to enable a tractor to get underneath without being subjected to damage. I am not proposing to cut any branches over two inches in diameter, or over the height of 3 metres.

Yours faithfully

  
K E Sedgwick
