Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Common Oak (T1) - Raise Crown. Reduce Southern limbs (lateral) to clear clients property by 2 meters and prevent excessive shading.

Common Oak (T2) - Raise Crown. Reduce Southern limbs (lateral) to clear clients property by 2 meters and prevent excessive shading.

Common Oak (T3) - Raise Crown. Reduce Southern limb, (lateral) overhanging clients garage for safety and prevent excessive shading.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.
