

Thank you for your response to Mr Fuller application to change usage.

With reference to meeting on Wednesday 14th august 2013.

I would like to submit change of B1 to B2 use, so I can operate in vehicle repairs and mot at 13-14 Aston road Waterloooville .

Our opening times would be 8.30-5.30 Monday to Friday and Saturday 8.30-1.00pm

Staff parking will be alongside existing building as there is suitable parking for four cars

All work is by appointment .The rear of the building has a suitable yard for mot parking ,which can hold up to 10 cars ,at the front of the building there are allocated parking for 5 customer drop of points .

We believe there will be no overspill of vehicles outside of our premises as the site space is more than adequate to accommodate for this. Therefore we will not need any allocated parking or cars to be off of our premises.

All vehicles to workshop will have access from side and rear doors.

We have gated access to side and rear of premises.

Alongside our gated premises is a private car park.

We believe all units in this block are of b2 usage already. Therefore we would like to change to comply with all the adequate laws.

The floor space of the unit is 3700sqft.

We wait for your reply.

Many thanks.

Kevin smiles
