GENERAL NOTES

1. This drawing is to be read in conjunction with relevant architectural and engineering drawings.
2. Levels indicated in blocks are Finished floor levels and are 150mm above adjacent finished level.

Key to Building Details

The diagram shows a cross-section of a retaining wall. On the left, a vertical line represents the wall face, with a horizontal line extending from its base to the right, labeled "Proposed level". To the right of the wall face, there is a horizontal line labeled "Finished floor level". Above this, a horizontal line is labeled "Existing benchmark with maximum height above BPC". Further up, a horizontal line is labeled "60dbpc". At the top right, a horizontal line is labeled "Retaining structure with maximum retained height." Below the "Proposed level" line, there is a horizontal line labeled "Banking". To the left of the wall face, there is a horizontal line labeled "Fall arrow". To the right of the wall face, there is a horizontal line labeled "+100.00". To the left of the wall face, there is a horizontal line labeled "* Ex.123.75".
