Dear Mr Cantwell,

Re: Application APP/13/00473 12 West Street, Havant,

The site of proposed development does lie in an area of archaeological potential within the historic core of Havant and close to an area of known potential for Roman archaeology. It is unclear whether any groundworks will be undertaken associated with the proposed development and the extent of these. I would suggest that the Planning Authority seek clarification as to the nature and extent of any groundworks, including services. If there are to be groundworks then it is likely that a programme of archaeological work would need to be secured through the attachment of a suitable condition.

Any questions please do not hesitate to contact me.

Yours Sincerely,

Dr Hannah Fluck
Senior Archaeologist
