

This architectural floor plan depicts a large, symmetrical building, likely a residence or a small hotel. The central feature is a long, narrow hall that runs the length of the building. On either side of this hall are several rooms, each containing a bed and a desk. The rooms are arranged in a symmetrical fashion, with a central entrance area featuring a large, ornate chandelier. The building has a gabled roof with a central chimney. A car is parked outside on the left side of the building. The plan is detailed with various architectural elements such as windows, doors, and furniture.
