For Attention Of: Jacky Clark

Dear Mrs Clark

Erection of 2 bungalows and pumping station. 111 London Road, Cowplain

Thank you for your e-mail dated 14 December 2012.

A revised site plan is attached.

The pumping station will be underground.

The tree matters are addressed in para 5.15 of the Design and Access Statement. I have spoken with Bee Crawford who considers that this should suffice. I would be grateful if you could discuss this with the tree officer, Mr Gargett, to establish if any further information is required.

Yours sincerely

Keith Oliver
Planning Services Director
