Planning Manager
Havant Borough Council

for the attention of Jacky Clark

Alterations Hall Place Cottage APP/12/00614 and 00617

Further to your email can we point out there are no significant extensions in this proposal that will effect foundation or root structure of existing trees. The works are generally internal alterations without foundation excavation

You will be aware of our clients recent consent for removal of trees and surgery currently being carried out :-
APP/12/00451 to raise the crown of Holm Oak (T1) to 6m, subject to TPO1973 and to reduce the eastern sector of 1No. Sycamore (T1) by 2m, subject to TPO1694
and Application No. APP/12/00469 to Fell 3No. Sycamores, remove south limb over wall and west limb over roof of 1No. Sycamore and deadwood; Fell 1No. Ash.

We would suggest the now removed Ash would have been the only tree in contention with the dwarf porch wall being the only foundation work proposed. The Holm Oak will now benefit from reduction in adjacent trees

We would suggest that a report at our clients expense is not appropriate on this occasion. We will be happy to reproduce this email as a formal letter/ report but consider your request is perhaps not relevant

Regards

Bill Matthews
