

Application No. APP/12/00610

Address: Portsmouth Golf Club, Crookhorn Lane, Waterlooville PO7 5QL

COMMENTS:

I am not entirely sure why I have been consulted on this application. I assume it is due to the proximity to Fort Purbrook which is grade II* and also a scheduled ancient monument I think. I note the wide range of other consultees including landscape, English Heritage and the County Archaeologist. In my view, given this is already a golf course the prime Heritage interest lies in the impact of the works on the wider landscape setting for the Fort, and any archaeological sensitivity arising from ground remodelling. Your landscape officer and County Archaeologist are the most knowledgeable in this respect and I defer to their expertise.

If I have missed anything where you think I can assist, do get back to me.

John Townsend
