Subject: APP/13/00113 Crookhorn Community School - Highway Comments

Hello BST

Please could this be linked to Acolaid and the web?

Thanks

Richard

Subject: APP/13/00113 Crookhorn Community School

Hi Richard

APP/13/00113 Crookhorn Community School, Stakes Hill Road, PO7 5UD
Extension to rear of existing performing arts building to create dedicated dance studio and alterations to existing building to provide additional space and support facilities.

Highway Comments

The proposed extension for dance studio states that there will not be an increase in staff or pupils, however there may be an increase in community use. As this would be outside peak travel times and outside school times there should be adequate car parking on site for this use. Also the school have a travel plan I would recommend that this is updated to include the community use of the building to ensure that they do not cause an adverse effect on the public highway.

Conditions

Only the
standard mud on the highway condition,
and that they must not have deliveries during school start and finish times.
All construction vehicles need to be parked within the school ground during the construction to avoid effecting the adopted highway.

In formative

As they are using the same access as the pupils I recommend that the work is carried out during school holidays, or that there are banks men to see any construction vehicle in and out of the school.
