

Pic 3 shows the Mulberry tree that will be pruned and partially de rooted to stabilize the tree, we may remove this if the root structure will not support the upright position, as can be seen the tree is leaning heavily to the rt, this will not affect the oak garage as in opposite direction.

Pic 2 shows the Eucalyptus trees that will be pruned/felled appropriately as per planning application APP/12/00241

PIC 1

HAVANT BOROUGH COUNCIL
DEVELOPMENT CONTROL
06 SEP 2012
RECEIVED

Pic 1 shows the actual space the garage will be situated, the metal fence and hedge will be 1 meter from the wall of garage and the bushes will be removed.
