Re: Site of former SE Divisional Education office, River Way, Havant
Proposed development: Application to determine whether prior
approval is required for the method of demolition of 1 No two storey
building and 1 No single storey building and any proposed restoration
of the site.

I refer to the above application under the Town & Country Planning Acts
passed to this Service for comment.

I have read the enclosed documentation provided by the applicant and can
comment as follows:

Environmental Health has no objection to the proposed demolition of the
above-mentioned structures. However cognisance should be taken of the
concerns raised by Jonathan Driver of this office in relation to the probability
of asbestos containing materials being present within these structures.

Please do not hesitate to contact me if you wish to discuss any of the above
matters raised or would like further explanation.
