

Application for tree works: works to trees subject to a tree preservation order (TPO)
and/or notification of proposed works to trees in a conservation area.

Town and Country Planning Act 1990

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Please complete using block capitals and black ink.

You must use this form if you are applying for work to trees protected by a tree preservation order (TPO). (You may also use it to give notice of works to trees in a conservation area).

It is important that you read the accompanying guidance notes before filling in the form. Without the correct information, your application / notice cannot proceed.

5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☒ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

TPO 88

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

Eg. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

English Oak (T1) section fell, previously monitored due to bacterial wetwood and now has fruiting bodies of Armillaria species. I have been told that another oak tree would be an unsuitable replacement due to oak being susceptible to honey fungus. I'm open to suggestion for its replacement, a species of Maple would appeal, I also have a Horse Chestnut that I would like to plant.

7. Identification Of Tree(s) And Description Of Works continued ...

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall: ☒ Yes ☐ No
If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ☐ Yes ☒ No
If YES, you are required to provide for:

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)? ☒ Yes ☐ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

Copy of advice given from Wessex Tree Surgeons Ref CQ08625-NA

Photographs of fruiting bodies.

A sketch plan.

All attached to this document.

9. Application For Tree Works - Checklist

Only one copy of the application form and additional information (Question 8) is required. Please use the guidance and this checklist to make sure that this form has been completed correctly and that all relevant information is submitted. Please note that failure to supply precise and detailed information may result in your application being rejected or delayed. You do not need to fill out this section, but it may help you to submit a valid form.

Sketch Plan

- A sketch plan showing the location of all trees (see Question 8) ☒

For all trees

(see Question 7)

- Clear identification of the trees concerned ☒
- A full and clear specification of the works to be carried out ☒

For works to trees protected by a TPO

(see Question 8)

Have you:

- stated reasons for the proposed works? ☒
- provided evidence in support of the stated reasons? in particular:
 - if your reasons relate to the condition of the tree(s) - written evidence from an appropriate expert ☒
 - if you are alleging subsidence damage - a report by an appropriate engineer or surveyor and one from an arboriculturist. ☐
 - in respect of other structural damage - written technical evidence ☐
- included all other information listed in Question 8? ☒

Dear Mr Hoy

ARBORICULTURAL CONTRACTUAL WORK

Further to my recent site visit I have much pleasure in forwarding the outline specification for arboricultural contractual work together with a fixed priced quotation.

OUTLINE SPECIFICATION

Work Standards

All tree work will be undertaken as defined in British Standards BS 3998:2010 - Tree work Recommendations - and the European Tree Pruning Guide, 1999. Furthermore, all tree work should be carried out in accordance with recent arboricultural research as recommended by the Arboricultural Association, Forestry Commission and the Health and Safety Executive.

T1

One English Oak (*Quercus robur*) - Previously monitored. Has bacterial wetwood and now has fruiting bodies of armillaria species.

- Section fell

Housekeeping

All arisings from the aforementioned works will be removed from site leaving clean and tidy work areas.

Quotation

Excellence in Arboriculture

I trust that the specification provides sufficient information but if I can be of further assistance in this matter please do not hesitate to contact me.

Assuring you of our best professional attention at all times.

Yours sincerely

RA
