Des 3rd / Staden

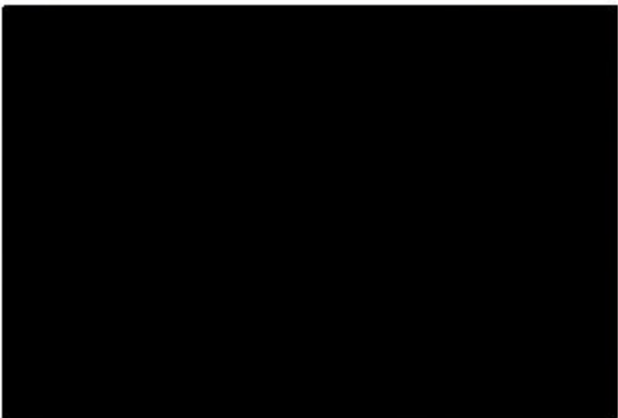

Now find place to plant
3 lawsonianus now of increased value
to our neighbor - the wrong
trees in the wrong place - ¹ (B)
could not replant these!

The weeping willow is out
of shape & really require crown
thinning to retain its shape (A)

(C) is a sorbus planted
too near a fence (recent 3 yr)
& requires removal.

I have found an enthusiasm
for tree planting somewhat
expensive! but worth it!

Thanks for your help

P.S. I am now 91 and unable
to keep on top of things as
have to for.

Plan back garden
Jaguar, house
3A Mill Lane.
