

Travel Plan – 24 Alexandra Avenue Hayling Island

There are now 14 parking spaces available using tandem parking. This enables all staff and visitor vehicles to be parked off the road.

The school employs 4 residential staff, 2 of whom drive to work at present. The residential staff rotate on a 7-day on, 7-day off cycle. The 2 cars are therefore parked and not used for this period.

A company vehicle is used to transport the children for activities such as shopping, medical and additional educational visits. It will also be used to bring the 4 children from Poppy Lodge in Church Road and return them at the end of the school day. The vehicle is not parked at Alexandra Avenue during the day. The company vehicle is capable of using a standard 2.4m x 4.8m parking space. It does not remain at Alexandra Avenue during the day.

The present school manager drives to work, arriving at 9am and leaving at 5.30pm.

The present head teacher, the 2 full and 1 part time teachers and 3 of the classroom assistants drive to work and are present for school hours Monday to Friday during Hampshire school term time only. The proposal here results in 1 additional teacher and 1 additional assistant being employed and could result in 2 additional inward and outward movements per day depending on their travel arrangements.

The total vehicle movements per school day would therefore be 9/11 outward and 9/11 inward traffic movements per day.

All vehicles moving to and from the site on a daily basis are therefore adequately provided for.
