

PARKING PROVISION

2 Camelia Close, Havant, PO9 2FQ

The property currently has off-street parking for 1 car plus an attached garage so 2 parking spaces.

The proposal increases the number of upstairs rooms to 4 but one of which is used as a dedicated home office as the homeowner permanently works from home.

The proposal meets guidelines on parking requirements as the property has 3 bedrooms and 2 parking spaces therefore no additional parking spaces would be required.
