= The setting out positions for the Protective Fencing in accordance with BS5837 recommendations

= There will be a need to apply 'Pedestrian Standard' Ground Protection measures in this area in accordance with BS5837 recommendations – including a porous geotextile membrane overlaid with woodchips or washed sand and then over this a layer of butted up scaffold boards or hoarding cut to fit

= 'Hand Digging' ONLY in these zones and then clean severance of roots to max.25mm diameter – followed by application of a porous surfacing detail

Key:

-  = Trees to be retained
-  = Trees to be removed
-  = Extent of required Pruning Works
