**The Town and Country Planning (Development Management Procedure) (England) Order
2010
Refusal of Planning Permission**

Application Number: APP/12/00866

Site Address: 1A Milton Road, Waterlooville, PO7 6AB

Proposal: Creation of additional accommodation by first floor and two storey rear extensions; alterations to roof including raised eaves levels to front and sides. Addition of front porch and provision of parking spaces. (Revised Application.)

Further to your application received on 20 August 2012, which was valid from 04 September 2012, Havant Borough Council as Local Planning Authority **Refuses Planning Permission** for the above proposal.

The reasons for the Council's decision to refuse planning permission are:

- 1 The proposed extension by reason of its height, depth and proximity to the neighbouring dwelling at No.1 Milton Road, which contains important windows to its side elevation, would adversely affect the outlook from, and light available to, the occupier of the adjacent residential property. The proposal is therefore contrary to policy CS16 of the Havant Borough Core Strategy 2011 which forms part of the Local Development Framework and National Planning Policy Framework.
- 2 The proposed extension by reason of its height, depth and proximity to the neighbouring dwelling at No.1 Milton Road and the boundaries with No's 70-74 Hambledon Road would result in an excessive building bulk detrimental to the outlook and visual amenities of neighbouring occupiers. The proposal is therefore contrary to policy CS16 of the Havant Borough Core Strategy 2011 which forms part of the Local Development Framework and National Planning Policy Framework.
- 3 The proposed windows on the rear elevation would give rise to direct overlooking of adjacent properties to the detriment of the privacy and amenities of neighbouring. The proposal is therefore contrary to policy CS16 of the Havant Borough Core Strategy 2011 which forms part of the Local Development Framework and National Planning Policy Framework.

Our Ref: APP/12/00866

- 4 The proposed extension, by reason of its height, depth and width would result in a building of significantly greater mass than the predominant form of development in the area. It would retain little space around the building, by comparison with the existing development on the site and other dwellings in the vicinity. The development would therefore appear cramped and out of keeping with the streetscene and area and leave little space for planting and the amenities of future occupiers. It is therefore contrary to policy CS16 of the Havant Borough Core Strategy 2011 which forms part of the Local Development Framework and National Planning Policy Framework.

In coming to its decision the Council considered plans and other documents submitted with your application and the saved policies of the Havant Borough District Wide Local Plan 1996-2011, forming part of the Havant Borough Local Development Framework.
