Level Survey

This site within the boundary is at two levels both of which are flat and site levels have no bearing on this application hence no level survey has been provided

Flood Risk assessment

This application is not to increase the footfall of the building or increase its size or use. the application is purely for cosmetic changes to the building which will not effect its potential flood risk requirements

Tree Survey

No trees are on or within falling distance of the boundary hence no tree survey has been provided

Parking Provision

This site currently has a substantial car park to the front of the property and is suttounded by seasonal pay and display carparks and no increase to the number of occupants will be created by the proposal

Boundary Treatment

The boundaries are made up of 1 to 2m block walls the only proposed changes to the boundaries are a reduction in height of these wall to the north elevation of the property
