Dear Sir / Madam,

Please see attached application for notification of agricultural development under the GPO 1995.

Please note that no elevations or cross sections have been supplied as no building / structure will be built. The existing basin that is below Mean high water will be flooded to form the fish tank. A bund will be built around the West and Northern boundary of the tank to fully form its shape. This bund will be at the same height as the existing Southerly sea defences.

We look forward to hearing from you, at your convenience, in due course, should you have any queries,

Yours sincerely,

Christopher Snell
