Dear Sirs

Re: Tree Trimming in Conservation Area
We would like to trim some Bay shrubs which are very outgrown, there are 3 such shrubs, and also one tree on our driveway leading to the house. We would also like to fell one dead apple tree in the garden. We intend to plant more shrubs and a tree to replace the apple tree. We enclose a planning form and hope this presents no problem. Also some photographs. With thanks

Mr. and Mrs. A. Lewis
