Date: 30th September 2011

Dear Mrs Clark.

**Site Address: First floor 14 Mengham Road, Hayling Island, PO11 9BL**

**Proposed Development: Lawful Development Certificate for Beauty salon on first floor of site.**

Please find enclosed the Ordnance Survey plan and information you requested plus more evidence of the above beauty salon being in place on the first floor of 14 Mengham Road, Hayling Island.

I have 'tracked down' an employee who worked with me ten years ago, who was interviewed at the premises in 2001 and I enclose a letter from her. She also reminds me that the job was offered at the job centre in Havant in July 2001 but unfortunately the job centre are unable to check that far back and help me further.

I have also enclosed a copy of my first 'yearly' rental agreement (original can be provided) Before this I had been working as beauty therapist on the first floor for 2 years, since November 2000 paying Mrs Whitfield of Style Country rent on a monthly basis and decided to take over Waterfalls on a yearly contract in November 2002.

Unfortunately, after months trying to trace Mrs Whitfield (now in her 70's) I have been unable to locate her to provide further evidence of this.

Again I can confirm that the beauty salon has been on the first floor here since November 2000 taking over from hairdressers Style Country, which had previously been on the first floor for many years before 2000. I would also like to note that I had never thought there would be a problem with this business as both shops either side of us are also used as commercial properties on the first floor.

I have now exhausted every avenue of enquiry without further help and expense, and hope that this, with the Tax return and confirmation letters from customers sent to you previously, you will honour my word and accept these items as far as I can prove tangibly.

I await your decision

Yours sincerely,

Julia Cutbush
