Dear Andy,

THanks for the e-mail.

The idea of upgrading your practice facilities at Waterlooville sounds absolutely wonderful. It is a pity that it could not include a covered facility for winter use. Apart from your own club, the District have been trying to find something of this order for ages. nonetheless, I would like to wish you every success in your venture and if there is anything we can do to help, please get in touch.

Good Luck,

Bill Hindley,
Chairman SEHantsCA.
