6th December 2011

Dear Sirs,

Please find enclosed online submission copy PP-01734472, Ground Investigation Report, Development Plan and Validation Report which has been ticked on the planning portal to be sent by post. The Site/Location Plan was sent electronically on the planning portal.

The original Planning application was 06/66809/001 dated 26th March 2007. An application for written approval was APP/10/00363 dated 9th November 2010. As far as I was aware the copy reports paid by ourselves to Geo-Environmental had been sent to Havant Borough Council to satisfy Condition 18 parts 2, 3 and 4.

I would like my copies of the Ground Investigation Report & Development Plan returned as Havant Borough Council should have their own copy, feel free to take copies for your records as the enclosed letter from Laura Probert the Senior Geo-Environmental Engineer proves a hard copy of the Development Plan was sent to Planning around 21st May 2008 which should have cleared Condition 18 parts 2 and 3. I have also enclosed a copy of a letter to Robert Benn Architects from Havant Borough Council that a copy of the Ground Investigation Report & another copy of the Development Plan were received by 23rd June 2008.

I cannot prove a copy of the Validation Report was sent but you may keep this original as I have taken a copy for my records. Please could you now formally discharge Condition 18 parts 2, 3 and 4.

Yours sincerely

Marie Barber
Company Secretary
