17th January, 2011
Mr G. Emerson,
Planning Dept.,
Civic Offices, Havant PO9 2AX

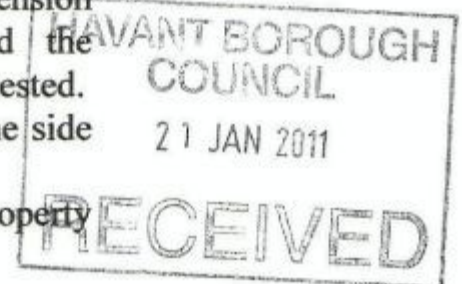

Dear Mr Emerson,

Your ref GEN/10/00912

I refer to your letter dated 29 November 2011 and our meeting earlier today. I enclose a completed application for planning permission concerning changing the roof over our front extension from a flat roof to a sloping roof. The reason for the work is that we have suffered serious water ingress affecting not only the property but also the electrical services.

I enclose the following:

- (1) a specification from the contractor who has successfully completed the works involved.
- (2) A photograph of the front of the extension showing the completed work and the various measurements which you requested.
- (3) A photograph and measurement of the side elevation
- (4) A photo/diagram of the front of the property prior to the work being done.
- (5) A cheque in the sum of £150.

I confirm that my wife and I are the joint owners of the property and that we have no mortgage on the property.

Yours sincerely,
