3. Description of Proposed Works

Please describe the proposed works:

I would like to apply for planning permission to knock down the brick built shed and erect a conservatory which will extend the width of the house which will include the guttering. The structure will not incorporate the neighbours brick built shed, it will have its own independent walls. The conservatory will extend from the back of the house for 3.5 meters.

We will also be widening the opening in the lounge using a rsj or latal support which is being calculated by the builder at the present time, at the moment the opening is 152 centimetres and we will extend to 257 centimetres.

We are also considering taking out the window and door between the kitchen and the new conservatory if we proceed with this would we require different regulations
