Dear Peter,

Thank you for sending me a copy of the detailed drawing showing the proposed gutter arrangement on the boundary adjacent to my property (40 Beacon Square). I raise no objection to this gutter arrangement.

Barrie Davies

Dear Rachael,

I enclose a detailed drawing showing the proposed gutter arrangement on the boundary adjacent No.40 for your kind attention. This is one of the two options discussed with Mr. Davies. The alternative option involves installing a lead-lined gutter on top of the wall, but we did not feel this route was appropriate for three reasons:

1. We consider it a rather 'contrived' detail, aesthetically it is an absolute last resort
2. It is significantly more expense and complicated to build
3. It has the potential to leave the top of the wall vulnerable to water ingress and damage

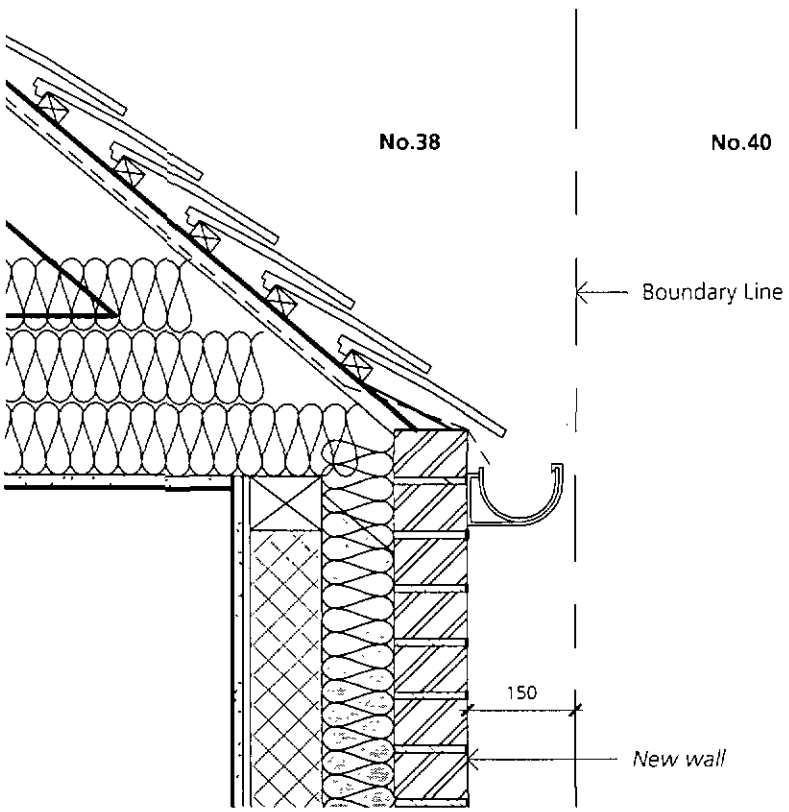

The proposed option therefore ensures no part of the building overhangs Mr. Davies property and is acceptable to the applicants.

I presume this can be appended as supplementary information to the existing drawings.

Kind Regards

Peter
