Dear Sirs Reference Flat 92 Homewater House Waterlooville

I am in the process of purchasing the above flat and would like to make the following improvements to the property.

Upgrade kitchen with new layout.

- Replace units to walls and floor.
- Lay new floor tiles.
- Replace wall tiles to worktops and fridge area.

Upgrade bathroom.

- Replace bath with shower cubicle.
- Renew wc and wash hand basin.
- Renew wall tiles and tile floor.

Due to no natural light by windows to the hall and bathroom I would like to install two sun tunnels to these rooms. I will contact the local council to see if there is a planning requirement for this and any costs incurred I will pay for if you give permission, which I hope that you do, as this would enhance the property a great deal. The sun tunnels would be Velux TWF type.

Yours truly,

*(copy letter
please note that they
have give permission for sun tunnel
to bath room.*
