

MRS. D. JOHNSON,
MR. K. BENNETT,
13 KREAND WAY,
WATERLOOVILLE,
PO4-7NP.
02392-261556.

To whom it may concern,
we would like the planning
department to consider our application
for a number of reasons.

we work for Hampshire County
Council, as Adult Placement Carers, caring
for adults with impaired mobility and sight
some of which also have a learning
disability, in our own home environment.
we have designed the garden for the
needs of the people in our care, the
decking has been risk assessed and
is an approved material by Hampshire
County Council, we have treated the
decking with anti slip preserver. It
enables our clients to access the garden
independently, as we would of had a
number of steps out of the double doors.
These doors are a designated fire exit
with security lighting leading to the
highway.

we are also approved family and friends
foster carers, also with Hampshire
County Council. Both children under five.

As part of the requirements we must
provide a safe and secure garden,
protecting the children from estranged
family members, of which our garden
meets these requirements, the children in
our care can access the garden
independently and enjoy the garden with
minimal hazards.

yours faithfully
