Civic Offices.

Dear Sir,

I have been a friend of Mr. & Mrs. H. Pattie
for 28 years & I understand that there is some
controversy over an aerial on the chimney to
the left side of the house.

I can confirm it has been there all of
that time, & has never caused any inter-
ference either to radio or television.

I hope this information will be of some
use to you.

Yours faithfully,

Dear Sirs,

I refer to your letter dated 4 April 89
addressed to Mr. M. Patrick

I have lived at this address for
about six years now and the aerial on
the left of the chimney has always been
in that position.

It has been taken down for
very short periods for maintenance.

We have never had cause
to complain to Mr. Patrick regarding
his aerials or indeed any interference
to our Radio or TV

I hope and trust my comments
in this matter will be of use to you

I remain your faithfully

Dear Sir

I can confirm that there was a radio aerial fitted to the chimney stack on the left hand side of number 21 Sandyfield Crescent when I moved in at my present address in 1983.

This aerial has never given me any problems with my T.V. or any other equipment within my home

Yours sincerely,
