RECEIVED

Dear Sirs,

RE: 5 LESTER AVENUE, BEDHAMPTON

Further to your letter dated 1st July we confirm that the description for this application should read 'proposed conservatory', this is required as our client has decided to increase the length of the as yet unbuilt conservatory by 700mm, i.e. the new external length will be 4.8m. The garage (again not yet built) is already approved as part of the 2009 application. The small second floor extension over the kitchen should be permitted development. We hope this clarifies everything, if not please contact the writer.

Yours faithfully
