Dear Sirs

22 Oakmont Drive, Waterlooville, Hampshire, PO8 8TA

The samples you sent in relation to the above on 26/07/2010 have been examined.^
The structure was referable as follows:

TP, u/s, 1.1-2.5m

1 root: QUERCUS (Oak). 18 further roots, not examined in detail appeared similar under low magnification.

1 root: - microscopic examination shows insufficient cells for recognition. 15 further roots, not examined in detail appeared similar under low magnification.

I trust this is of help. Please call us if you have any queries; our invoice is enclosed.

Yours faithfully

Dr Ian B K Richardson
