Your Ref:DC/PW/00090//CMP

Dear Sir/Madam

Please find enclosed application forms for Retrospective Planning Permission (Ref as above) in order to retain our garden shed in its present position. Also enclosed is my cheque for £150.00.

Unfortunately, prior to Mrs Wares visit to us on 7th April 2011, my wife and I were unaware that we had sited the shed in our front garden and thus required planning permission.

If planning permission is approved, we will plant hedging and shrubs as shown on sketch (Attachment 3).

Please note that I have spoken with near neighbours who have indicated their support (Attachment 4) for the shed to remain where it is at present.

As we live on a corner site, we would need to move our shed 10 feet for it to be in our back garden and then it would be more noticeable to the street scene.

Yours Faithfully

(Mr D.N.Bishop)
