Attention Mrs J Clark

Dear Mrs Clark

Ref:APP/11/01087 21, Ibsley Grove Havant PO9 3DP

In response to your letter of 08 June 2011, and further to our telephone discussion on 23 June I now enclose herewith 4 copies of my amended drawing No. 11931-01 Rev.A which I submit as a replacement drawing for the application.

This should cover items 1 & 6

With regard to remaining items I have addressed them as follows :-

Item 3 - I have provided existing elevations of 21 Ibsley Grove but I cannot see that floor plans will add anything to the application.

Item4 – The roof of the proposed dwelling is such an obvious straight extension of the existing that again I feel that the elevations provide sufficient indication of the appearance.

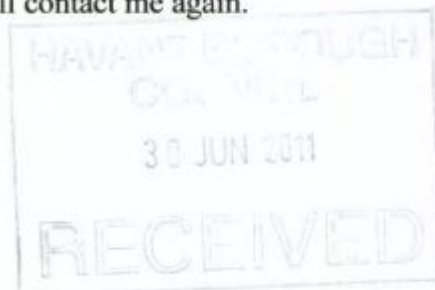

Item 5 – I have provided ground and paving levels, both existing and proposed, to all the relevant elevations which should illustrate all access points if read in conjunction with my previously submitted Design & Access Statement.

I trust the above may now enable the application to be registered.
As discussed if any more information is required you will contact me again.

Thankyou for your assistance.

Yours Sincerely

Gerry Clear
