Dear Sirs,

Re: Interbridges Site, Emsworth
Planning Permission Number: 07/54901/007

Further to the above permission, the 278 agreement with HCC has recently been finalised and will no doubt be submitted as part of the various pre-commencement conditions in due course.

This has been a rather protracted process and the consent expires next April, thus we enclose an application for an extension of the extant permission now.

This application does not include drawings, but if you require full sized or reduced copies, please let us know; however per the above, the road access related drawings will soon become redundant.

Yours faithfully

ANDREW VANAGS
